

**Herzing University**  
**May 2021 Undergraduate Catalog**  
**Addenda**

- **ADDENDUM, effective June 20, 2021. Exceptions added to transfer of credit policy.**

All general education courses, including most healthcare sciences will follow the standard transfer credit policy of requiring a “C” or better from an accredited institution. There are no timeframe restrictions on general education courses.

Exceptions: SC 154 and SC 254 –Anatomy and Physiology I and II require a “B” grade or better for nursing programs at all locations. The Atlanta location requires a “B” or better for all nursing science courses and that the science courses were taken within the last 5 years.

- **ADDENDUM, effective June 8, 2021. Herzing University - Madison Online Division is now enrolling in the Diploma in Sterile Processing program for the September 8, 2021 start.**

## **DIPLOMA IN STERILE PROCESSING**

### **PROGRAM DESCRIPTION**

The Sterile Processing diploma program prepares graduates to work in medical facilities that prepare surgical instruments, supplies and equipment necessary for healthcare. This program includes a broad introduction to health sciences, as well as medical terminology, communication, and computers. The program curriculum includes instruction in decontamination processes, preparation, packaging, sterilization and sterile storage of surgical instrumentation and supplies. Students who successfully complete the diploma program are prepared for entry-level employment in a sterile processing position.

Graduates are eligible to take the certification examination following 400 hours of professional employment.

### **PROGRAM OUTCOMES**

Upon completion of this program, the student should be able to:

1. Communicate effectively and professionally with all members of a diverse sterile processing and surgical team.
2. Apply logical and critical thinking skills as it relates to sterile processing job duties.
3. Demonstrate safe handling of surgical instrumentation, equipment and supplies used in surgical patient care.
4. Identify surgical instrumentation, supplies, and equipment used in surgical patient care.
5. Use appropriate medical terminology related to the role of sterile processor.
6. Apply computer skills required in sterile processing.
7. Describe the cycle of sterilization as it relates to sterile processing.
8. Demonstrate proficiency with aseptic technique as it relates to sterile processing.

### **POTENTIAL OCCUPATIONAL TITLES**

Potential occupational titles for this program include, but are not limited to, Central Processing Technician (CPT), Central Service Technician (CST), Central Sterile Supply Technician (CSS Technician), Instrument Technician, Sterile Preparation Technician, Sterile Processing and Distribution Technician (SPD Tech), Sterile Processing Technician (Sterile Processing Tech), Sterile Technician, Sterilization Technician.

### **PROGRAM CONTENT**

A minimum of 24.00 semester credit hours is required for graduation.

### **REQUIRED COURSES**

All Courses, 22.00 semester credit hours are required.

Course Number	Course Name	Prerequisites/Corequisites	Semester Credit Hours
HC 101	Medical Terminology	None	1.00
PS 101	Psychology	None	3.00

**Herzing University  
May 2021 Undergraduate Catalog  
Addenda**

SC 146	Anatomy and Physiology I	None	4.00
SC 166	Microbiology	None	3.00
SC 246	Anatomy and Physiology II	SC 146	4.00
ST 115	Introduction to Surgical Services	HC 101, SC 166, SC 246	2.00
ST 120	Sterile Processing	ST 115	3.00
ST 125	Surgical Instrumentation	ST 115	2.00

**PERSONAL AND PROFESSIONAL DEVELOPMENT COURSES**

2.00 semester credit hours are required.

Course Number	Course Name	Prerequisite	Semester Credit Hours
PD 121	Professional Development I	None	1.00
PD 202	Professional Development II	None	1.00
